

In the hit Podcast Sitcom, Cat/Person serves up a series of overheard conversations between a broken man Matthew (Chris Heath) and Hobson (Sue Vincent), his sarcastic, selfish, sociopathic rescue cat. Matthew is doing his best to keep himself from falling into a black hole following an unhappy divorce. To get him through the dark days, his friends recommend that he gets himself an emotional support animal. Unfortunately, after a trip to the local Animal Shelter, he chose Hobson.

Matthew is sentimental, messy and lonely.
Hobson is hungry and insisting on a treat. Immediately.
